**Directions for
GEORGE FOREMAN'S KNOCK-OUT™ PRO GREEN
COMMERCIAL KITCHEN DEGREASER**

DIRECTIONS FOR USE:

George Foreman's Knock-Out™ Pro Green Commercial Kitchen Degreaser is an effective and economical solution for the heavy duty cleaning and degreasing needs of commercial and institutional kitchens. The product meets USDA guidelines and is safe for use in ALL food preparation areas. It cleans grills, deep fryers, air filters, hoods, sinks, appliances, stainless steel surfaces, countertops, cabinets and floors. This product will remove bacteria that can feed germs. No rinsing required.

Directions for degreasing: *Spray full strength on grills, deep fryers, air filters and hoods. Wipe with soft towel. Rinse as necessary for a residue-free result.*

Directions for cleaning: *Mix equal proportions of solution and water. Spray on sinks, appliances, stainless steel surfaces, countertops or walls. Wipe with a soft towel. Rinse as necessary for a residue-free result.*

Directions for mopping: *Dilute by adding 8 oz. of solution to each gallon of water or spray full-strength directly onto floor. Mop using a figure eight motion.*

This product is non-flammable, contains no harsh chemicals or solvents and has no toxic fumes.

George Foreman's Knock-Out™ Pro Green products are safe for the user, safe on skin and will not harm clothing.
